

ROADBOOK AUVERGNE

*Prachtig 3 a 4 daags roadbook.
Geschikt voor alle 4x4 wiel
aangedreven voertuigen, jeeps -
quads en buggy's.
Totaal aantal km: 244 km 380
meter.
Vertrekpunt te Issoire.*

Roadbook Auvergne.

Dit is een zeer mooie route , die verloopt via veldwegen, verhard en onverhard.

Via dit roadbook kunt U Uw hobby beoefenen en rijden met Uw 4x4 waarvoor hij ontworpen werd.

Momenteel zijn we nog altijd in deze mogelijkheid omdat het momenteel nog niet verboden werd.

Gelieve dan ook met respect voor de natuur, de veldwegen en de mensen die langs dit traject wonen dit roadbook te willen afrijden.

Ook U snelheid aan te passen aan de wettelijk toegelaten snelheid waar U zich op dit moment bevind.

Op de onverharde wegen is er de max. snelheid van 30 km per uur toegelaten.

Pas op voor schade die U aanbrengt aan de wegen.

Deze wegen zijn er aangelegd om er over te rijden en niet om kapot te rijden.

Voertuigen die niet permanent 4 wiel worden aangedreven gaan vlug spinnen en slippen in de bochten , waardoor er meer kans bestaat op schade aan de wegen, vermijd dit zoveel mogelijk.

Meer dan 2 voertuigen zijn niet toegelaten.

Enkel op deze manier kan ik verder het aanbod roadbook verder uitbreiden en U de kans geven mooie streken en mooie routes te gaan ontdekken.

Alvast dank voor Jullie begrip, goeie rit.

Dit roadbook verloopt over onverharde wegen en door dorpen, gelieve Uw snelheid aan te passen binnen de dorpen aan de wettelijk toegelaten snelheid. Op de onverharde wegen gelden evenwel de regels. Begeef U nooit buiten de sporen want dan bent U op privéterrein en dit is strafbaar, U kunt ook de eventueel aangerichte schade dienen te vergoeden.

Ga deze rit niet rijden met meer dan 2 voertuigen om problemen te vermijden. Dit roadbook mag niet worden gekopieerd of worden doorverkocht

- Dit is een uitgestippelde route en geen georganiseerde rit op datum. U bent dan ook geheel zelf verantwoordelijk voor Uw gedrag tijdens deze rit. U dient iedere situatie zelf te beoordelen voor U deze verder volgt. Indien U de situatie als gevaarlijk beoordeeld, neem dan via de gps punten een andere route.

Breng geen onnodige schade toe aan de onverharde openbare wegen.

Goeie rit.....
